British Owned Manufacturing Company

COMPACT 56

a space saving solution

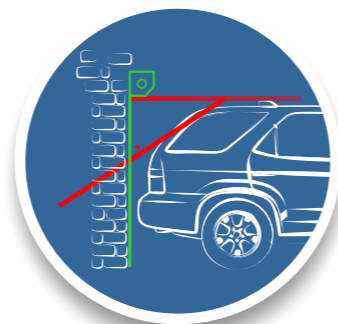

Introducing the Compact 56 Classic roller door – a space-efficient solution with a slim design perfect for tight spaces. Smaller than the Professional 78, it fits into a 205mm box when rolled, requiring minimal headroom and space between apertures.

Crafted with 56mm insulated aluminium laths and aluminium guides, this roller door ensures durability and longevity. The wall-mounted control box with a reflective photocell offers convenient and safe operation. Remotely operated, it comes with various safety features for a user-friendly experience.

7 YEARS WARRANTY

MOTOR COMES WITH
EXTENDED WARRANTY

SPACE SAVING

IDEAL FOR EXTRA
STORAGE SPACE AND
EXCELLENT FOR
SHORT DRIVEWAYS

FEATURES INCLUDED

TWO HANDSETS

We can supply two and four-channel hand transmitters to operate up to four doors using one handset (as standard, we provide 2x two-channel handsets).

WALL MOUNTED CONTROL BOX

The roller door control unit also allows the operation of doors without hand transmitters and connecting additional features like keypads, registering additional handsets, setting alarms, and intelligent systems. It comes with **3 YEAR WARRANTY**.

FULL BOX

An aluminium box comprises a 90° and a 45° profile to create a fascia when headroom is limited and a neat finish inside the garage.

OPTIONAL EXTRAS

REFLECTIVE PHOTOCELL

Reflective photocell systems used in roller doors, also known as safety photocells or safety sensors, are designed to enhance the safety of the garage door operation by detecting obstacles in the door's path.

DOOR MONITORING SYSTEM

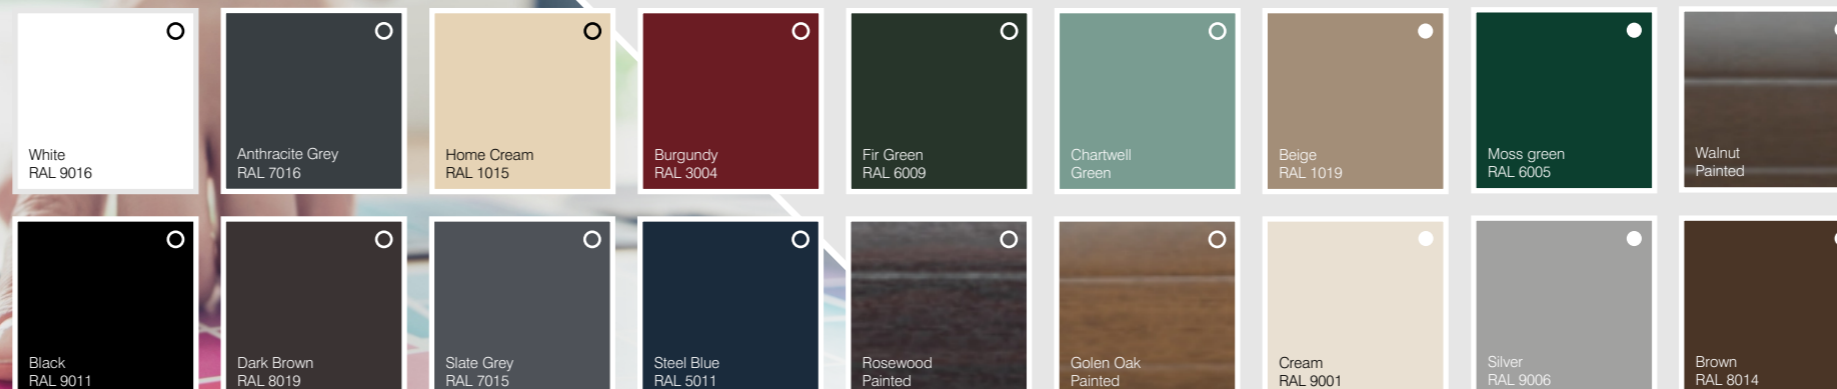

Our Door Monitoring System's control box ensures safe operation of automated doors by continuously monitoring motor load and electrical current. It detects obstacles on the entire door surface for enhanced safety.

COLOURS FROM our popular range

Our collection of stylish and highly desirable colour finishes provides the most cost-effective solution whilst maintaining the high levels of quality and workmanship our customers have grown to expect from Birkdale.

- Stock Painted Colours with shorter lead times.
